

Proven Engineered Products - Complete Material Handling Solutions

Link-Belt® and Syntron® Today: January 2018

Feature: How to Choose the Right Drive for Mining

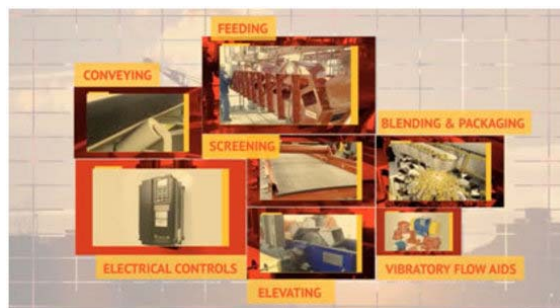

There are many factors that affect your decision when

selecting the proper drive for your conveyor system. Electric or hydraulic power, product flow rate, belt speed, conveyor length, continuous or intermittent flow, fixed or variable speed belt, safety requirements, and more. Find out more about our **VFD by Syntron Material Handling** and let our expert sales and engineering teams work with you to create the most efficient solution for your system. **Contact Us.**

Video: This is Syntron Material Handling

We've been around a long time! SMH provides material

handling solutions for conveying, electrical controls, feeding, screening, elevating, blending & packaging, and vibratory flow aids. We can also custom build products to meet your demands. Get to know Syntron Material Handling in our **new corporate video.**

Syntron® Link-Belt®

Syntron Material Handling University

2018 dates are now available for Syntron University. These training sessions sell out early so reserve your space now. The January dates are full. Choose from April 23-25, 2018 focusing on Idlers, Feeders, Screw Conveyors, and Bucket Elevators; August 20-21, 2018 focusing on Food Handling; or October 22-23, 2018 focusing on Mining Solutions.

Attendance is limited to the first 25 people. Email **Sheena Woodruff.** For more information, see our **Events Calendar.**

Looking to find a representative for SMH

Events: See Us at AGG1

We're gearing up for AGG1 in Houston, TX, March 6-8, 2018. Stop by Booth 1106 to see the redesigned Link-Belt® ball bearing idler — maintenance-free, in stock, and value-priced with CEMA C performance ratings. We'll also be showing the Syntro-Flo cone-crusher loading feeder, a mechanical two-mass direct drive vibratory feeder system with an engineered discharge uniquely designed for equal distribution of products. **Register now** and stop by our booth to speak with one of our sales engineers.

Employee Spotlight
