

We're Invested in Your Success

Link-Belt® and Syntron® Today: September 2018

Featured Product: Vibrating Feeders

With the upcoming PACK EXPO International in Chicago, October 14-17, our product focus is Syntron

Vibrating Feeders for Light Industry. These feeders offer unmatched flexibility and reliability, making them ideally suited for many applications and materials. They are typically used in feeding, mixing, blending, batching, grinding, packaging, flaking, freezing, and drying applications. We now offer IP66 options - perfect for those wash-down environments. Come see us at the upcoming PACK EXPO show, Booth #S-1660, and check out all the latest technology. Or check out our [Vibrating Feeders for Light Industry reference documents](#).

SMH Products in Aggregates Industry

Did you know that Syntron Material Handling offers a wide range of material handling equipment for the aggregates industry? Choose from Syntron Crusher Loading Feeders, Link-Belt Conveyor Idlers, Vibrating Feeders and Feeder Controls, and Vibrating Screens. Check out our new [Aggregates Products graphic](#) on the website.

Check It Out...Screw Conveyor Inventory

We now stock 9" and 12" diameter screw conveyor parts and assemblies. That means faster delivery on helicoid and sectional screws, angle and form flange troughs, screw clamps, shafts (coupling, end, and

Partner Highlights

SMH Asia held a 3-hour-long seminar with 20 employees from the sales and marketing group at Trade One Inc.'s Cyber and Service Center, Philippines. A valued partner with over 30 years of success in the mining industry, Trade One has organized a 4-member-team to focus on promoting Syntron products in the Philippines. Lots of great opportunities were discussed. Sales calls were conducted together to a coal mine and a power plant. See more about Trade One's launch of its [Syntron Material Handling product line](#).
